

Townlands Of Ireland

A searchable database of Irelands Townlands all in a single file.
No installation needed. Runs from anywhere.

Search Options.

County: Choose a County to search in.

Search Field: Choose a field to search in.

Match: Type of search...

Contains: Searches for fields that contain the criteria anywhere in the field.

Starts With: Find field contents that start with the criteria.

Exact Match: Field contents must be exact match for criteria.

Soundex: Field contents are checked for a soundex match of the criteria.

Note: When using soundex a 'search field' must be selected.

Usage: Select the options, you want, enter the criteria, and press 'Search'.

A single astrix (*) in criteria with select ALL records.

Main window and column widths are adjustable. Just drag them.

Sort by any column.

Click on the title of any column to sort by that column. Be patient, sort may be slow.

Have fun
